A Polish company with global ambitions

Our story began in 2009 when we offered the first solutions to our clients. Thanks to good knowledge of the industry, rich offer, and high standards of customer service, within a few years we have become a professionally managed business organization. OXIMO® is also a young, ambitious team of professionals, enthusiastic people and automotive experts.

Today, we are consistently building our position in the market and belong to one of the most recognizable and trustworthy brands in Poland. We are constantly looking for new areas of expansion. From the very beginning, OXIMO® focuses on a wide and transparent offer.

Over 400 references for windshield wipers mean OXIMO® can meet the expectations of even the most demanding customers. We cooperate with the largest automotive wholesalers in Poland and abroad. We provide our business partners with high standards of service through access to the online ordering panel and fast deliveries. OXIMO® consistently develops a distribution network outside the country, with the ambition to create a recognizable Polish brand with a global reach. Furthermore, we have our own research and development facilities to improve our products and introduce new innovative solutions to the market. Supporting, promoting, and participating in activities related to motorsport has been our passion - for years. You can find our rally teams at the largest automotive and rally cross events or time attack races.

We have all the required certificates, such as the IATF 16949, international REACH and RoHs which means that our wipers do not contain any substances harmful to health.

OXIMO® has been awarded the TecDoc® Premier Data Supplier badge. The title we have received is the result of our commitment to the transparency and accuracy of the data in the TecDoc® catalogue. As an OXIMO®, we promote the strategy of sustainable development and corporate social responsibility. We join the activities of the local community, support foundations, raise the level of organizational culture and shape a positive image of the company among consumers.

Cooperation

Develop your business, and enrich your offer with our various products. This is an open invitation to You to cooperate with us! We are still looking for business expansion.

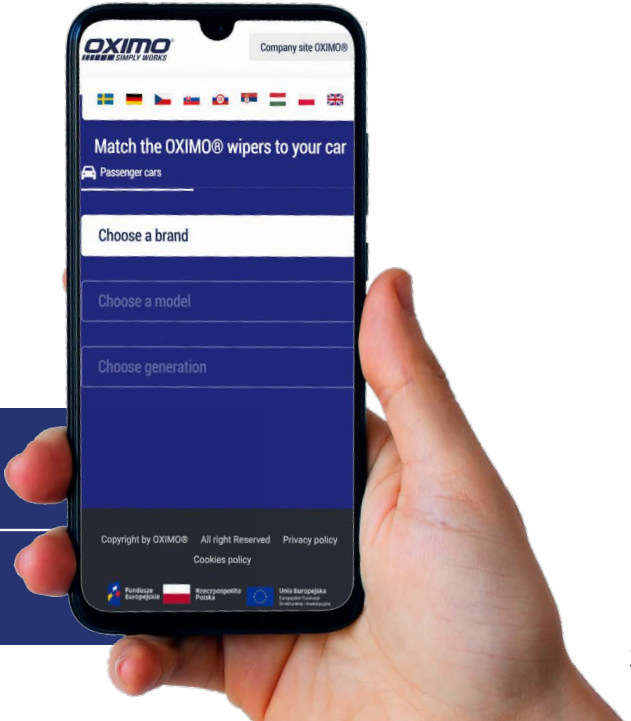

OXIMO® focuses on a rich and transparent offer. We have 400 references of windshield wipers, which puts us at the forefront of global manufacturers.

As a leader in the industry, we cooperate with the largest automotive wholesalers in Poland and abroad. We provide our business partners with high standards of service through access to the online ordering panel and fast deliveries.

We are consistently developing a distribution network with the ambition to create a recognizable Polish brand with a global reach.

Our vision

About OXIMO®

From the very beginning of its existence, OXIMO® has placed particular emphasis on a rich and transparent offer of its products. Thanks to the growing portfolio, currently over 400 references of wiper blades, we are a significant supplier on the Polish and European markets.

Partnership

We collaborate with some of the largest automotive wholesalers in Poland and are actively extending our reach internationally. Our business partners benefit from high service standards, facilitated by our B2B panel and expedited delivery services.

Global expansion

Our ongoing strategic objective is to expand our distribution network outside Poland. We are driven by the ambition to make OXIMO® a recognizable Polish brand on an international scale.

Quality

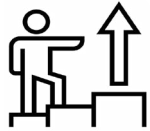

OXIMO® wiper blades meet all required automotive quality standards, including compliance with international IATF 16949, REACH and RoHS regulations.

Brand development

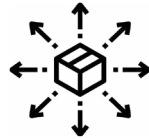

As the leading manufacturer of car wipers in Poland, our brand is gaining visibility across Europe. We are committed to continuous improvement and are making strides toward becoming a well-recognized name in the global wipers industry.

Our team - the key to success

One of the pillars of Oximo's success is our exceptional team. We have been building it for many years and have successfully selected professionals who are specialists in their field.

Today, our team includes the most qualified people in the industry. Windshield wipers are their passion.

Our distributors – trust and partnership

We have gained the trust of automotive industry leaders on the spare parts distribution market. We cooperate with the largest automotive wholesalers in Poland and abroad.

Our business partners know that by choosing OXIMO® can count on the highest standards of cooperation.

Our distributors value our commitment and flexibility.

Research & Development

At OXIMO®, we have a dedicated research and development center. Here, we focus on improving our existing products and exploring new solutions within our capabilities.

Material composition

High quality steel, individual rubber composition, plastic elements based on polyethylene and polycarbonate. The steel rail inside the spoiler is constructed from high-carbon steel and is fully galvanized for added durability.

Unique compound innovation

We have introduced windshield wipers that utilize PTFE (Teflon) as a rubber additive. This compound is known for its low energy surface, which provides some lubricating benefits and helps to resist contaminants.

CONSTRUCTION + HANDLE MOUNTING

METAL PARTS MADE OF GALVANIZED STEEL

PLASTIC ELEMENTS

HIGH-QUALITY ALLOY OF POLYETHYLENE AND POLYCARBONATE

BUILT-IN SPOILER

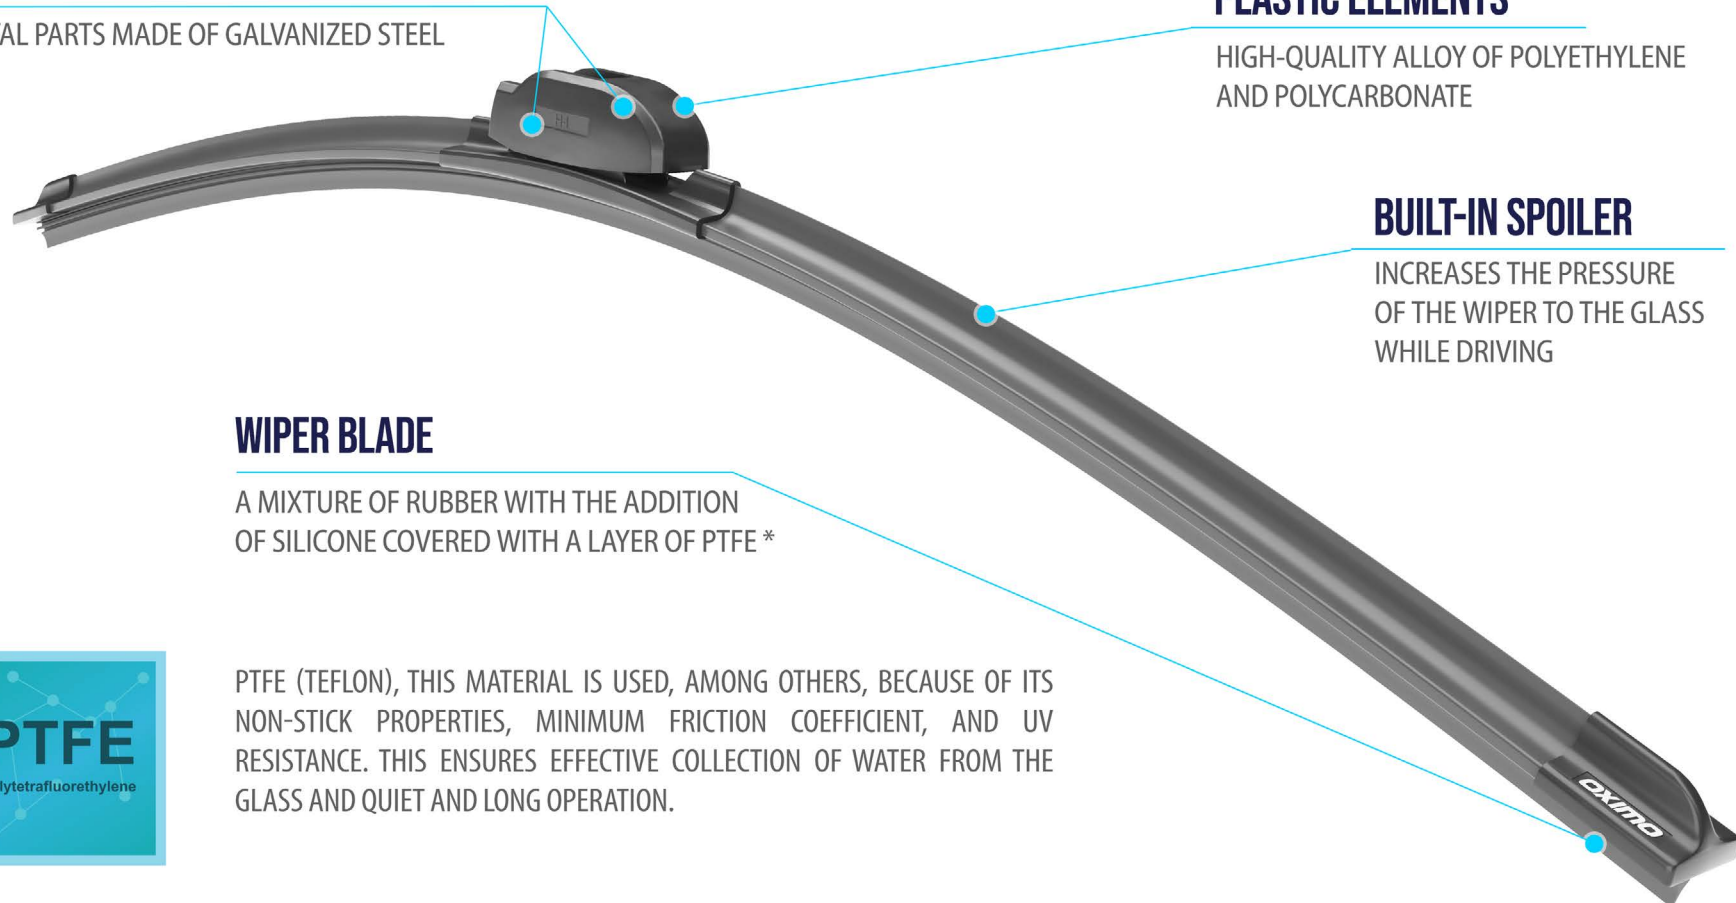

INCREASES THE PRESSURE OF THE WIPER TO THE GLASS WHILE DRIVING

WIPER BLADE

A MIXTURE OF RUBBER WITH THE ADDITION OF SILICONE COVERED WITH A LAYER OF PTFE *

PTFE (TEFLON), THIS MATERIAL IS USED, AMONG OTHERS, BECAUSE OF ITS NON-STICK PROPERTIES, MINIMUM FRICTION COEFFICIENT, AND UV RESISTANCE. THIS ENSURES EFFECTIVE COLLECTION OF WATER FROM THE GLASS AND QUIET AND LONG OPERATION.

Personal Branding with OXIMO®

Unlock the potential of private labeling.

OXIMO's private label program is designed for businesses that want to develop the wiper market under their own brand name. With over 14 years of industry experience and a presence in 30 countries, we offer a ready-to-use solution that covers everything from product development to logistics.

Why choose OXIMO® private label?

Know-how: Leverage our extensive expertise in windshield wiper manufacturing since 2009.

Quality assurance: Benefit from our commitment to high product quality, backed by rigorous quality control measures.

Full-service packaging: We handle the entire packaging process, from design to production.

Logistical support: Our comprehensive door-to-door service ensures a seamless transition from production to delivery.

Data-driven: Utilize our sales statistics and matching tables, covering over 68,000 car models, to optimize your product range.

Distinctive packaging colors for each series of our wiper blades make it easier to identify our products.

The use of various colors and intuitive markings simplifies the process of selecting the right type from OXIMO's available wiper series.

WU, WU12, WUH, WUS, WUSP, WA-WL, MT, WR, WRA - SERIES

Passenger cars

Available lengths: 300 - 700 mm

Quantity per package: 1 pc

Construction: frameless

U-type frameless wipers with lengths of 300 - 700 mm. 9 mm U-type and 8 mm U-type mounting in one. These types of wipers are characterized by mounting on the so-called U-shaped „hook”.

Standard features

Superior rubber composition: The wiper blades are made from natural rubber enriched with silicone and a PTFE (Teflon) layer, ensuring efficient water clearance, minimal noise, and durability.

Precision fit: Engineered to distribute even pressure, these wipers conform seamlessly to the windshield’s curvature.

Quality construction: Featuring plastic components made from a premium blend of polyethylene and polycarbonate, along with galvanized steel metal parts for lasting corrosion resistance.

Swift installation: These wipers are designed for easy and fast setup.

Quality checked: Each wiper undergoes rigorous quality control to meet our high standards.

WU12 frameless wipers

Available lengths: 650 - 700 mm

Quantity per package: 1 pc

Construction: frameless

Our specialized range of frameless wipers features an expanded 12 mm U-type mounting. Designed for vehicles with U-shaped „hook“ mounts.

Unique features

Expanded U-type mounting: The 12 mm U-type mounting is wider than standard, offering a secure and stable fit for vehicles with U-shaped „hook“ mounts.

Extended length range: These wipers are available in lengths ranging from 650 mm to 700 mm, providing extensive coverage for larger windshield. The wiper is equipped with an integrated spoiler to improve performance at high speeds.

Standard features

Superior rubber composition: The wiper blades are made from natural rubber enriched with silicone and a PTFE (Teflon) layer, ensuring efficient water clearance, minimal noise, and durability.

Precision fit: Engineered to distribute even pressure, these wipers conform seamlessly to the windshield's curvature.

Quality construction: Featuring plastic components made from a premium blend of polyethylene and polycarbonate, along with galvanized steel metal parts for lasting corrosion resistance.

Swift installation: These wipers are designed for easy and fast setup.

Quality checked: Each wiper undergoes rigorous quality control to meet our high standards.

WUH hybrid wipers

Available lengths: 350 - 700 mm

Quantity per package: 1 pc

Design: hybrid

Our cutting-edge line of hybrid wipers featuring a 9 mm U-type mount and combine the advantages of frameless and steel frame designs.

Unique features

Hybrid design: The WUH Series combines the advantages of frameless and steel-frame wipers, offering superior adaptability to various windshield curvatures.

Standard features

Advanced rubber formulation: The wiper blades are made from natural rubber that is infused with silicone and a PTFE (Teflon) coating, resulting in efficient water removal, quiet operation, and long-lasting durability.

Uniform pressure distribution: The hybrid structure is designed to exert even pressure across the blade, ensuring optimal conformity to the windshield's curvature.

Durable construction: Plastic elements made from a high-quality blend of polyethylene and polycarbonate, as well as galvanized steel metal parts for extended corrosion resistance.

Effortless installation: Engineered fast and easy assembly.

Quality assurance: Each unit undergoes rigorous quality control to meet our exacting standards.

WUS frame wipers

Available lengths: 275 - 700 mm
 Quantity per package: 1 pc
 Construction: steel frame

Our robust line of classic steel frame wipers featuring versatile U-type mounts. Compatible with a variety of mounting options, including side pins on older U.S. cars and rail mounts with screw on older Japanese cars.

Unique features

Versatile U-type mounting: WUS Series includes dual 9 mm and 8 mm U-type mounts, allowing for a versatile fit in a wide range of vehicles.

Classic steel frame construction: Built with a traditional steel frame, these wipers offer reliable and consistent performance.

Standard features

Advanced rubber formulation: The wiper blades are made from natural rubber that is infused with silicone and a PTFE (Teflon) coating, resulting in efficient water removal, quiet operation, and long-lasting durability.

Uniform pressure distribution: The steel frame structure ensures even pressure across the blade, providing optimal conformity to the windshield's curvature.

Durable materials: Incorporating high-quality polyethylene and polycarbonate plastic elements, along with galvanized steel metal parts, these wipers offer long-lasting corrosion resistance.

Effortless installation: Designed for quick and straightforward assembly.

Quality assurance: Each unit undergoes rigorous quality control to meet our exacting standards.

WUSP frame wipers with spoiler

Available lengths: 475 - 700 mm

Quantity per package: 1 pc

Construction: steel frame + spoiler

U-type frame wipers with an integrated spoiler. They have U-9 mm and U-8 mm adapters. Compatible with a variety of mounting options, including side pins on older U.S. cars and rail mounts with screw on older Japanese cars.

Unique feature

Integrated spoiler: The WUSP series is enhanced with an added spoiler, designed to improve aerodynamics. This feature ensures that the wiper maintains firm contact with the windshield, thereby improving visibility and safety.

Standard features

Versatile mounting options: With dual 9 mm and 8 mm U-type mounts, these wipers offer a versatile fit for a wide range of older vehicles.

Advanced rubber formulation: Crafted from natural rubber and enhanced with silicone and a PTFE (Teflon) layer, these wipers offer efficient water removal, quiet operation, and extended durability.

Uniform pressure distribution: Engineered to exert even pressure across the blade, these wipers conform seamlessly to the curvature of the windshield.

Durable materials: Incorporating high-quality polyethylene and polycarbonate plastic elements, along with galvanized steel metal parts, these wipers offer long-lasting corrosion resistance.

Effortless installation: Designed for quick and straightforward assembly.

WUSPR frame wipers with spoiler & sprayer

Available lengths: 550 - 650 mm

Quantity per package: 1 pc

Construction: steel frame + spoiler + sprayer

An extension of our WUSP line of U-type frame wipers. These wipers come with an added spoiler and feature an integrated sprayer. Equipped with both 9 mm and 8 mm adapters, they are compatible with a variety of mounting options, including side pins on older U.S. cars and rail mounts with screws on older Japanese cars.

Unique features

Integrated Sprayer: The WUSPR series takes it a step further with an integrated sprayer pipe, designed to distribute glass cleaning fluid directly onto the windshield. This innovative feature enhances cleaning efficiency and ensures optimal visibility.

Integrated spoiler: The WUSPR series is enhanced with an added spoiler, designed to improve aerodynamics. This feature ensures that the wiper maintains firm contact with the windshield, thereby improving visibility and safety.

Standard features

Versatile mounting options: With dual 9 mm and 8 mm U-type mounts, these wipers offer a versatile fit for a wide range of older vehicles.

MT Multi-type frameless wipers

Available lengths: 350 - 800 mm

Quantity in package: 1 pc

Construction: frameless

Frameless wipers with integrated spoiler. Multi Type means that the wiper has interchangeable mounts of 12 types: U, A, B, B1, C, C1, C3, D, E, E1, F, K - matching according to directory.

Unique features

Universal solution: Thanks to the 12 interchangeable adapters, this wiper series is a versatile all-in-one solution that fits almost every type of car mount.

Symmetrical two-sided spoiler: Thanks to which they also fit cars with the steering wheel on the right side as well as cars with an anti-rotating wiping system.

Standard features

Advanced rubber compound: Natural rubber infused with silicone and a layer of PTFE (Teflon) ensures efficient water removal, quiet operation, and extended durability.

High-quality materials: The wipers are constructed from a premium polyethylene and polycarbonate alloy for the plastic elements, and galvanized steel for the metal components, offering long-lasting corrosion resistance.

Quality assurance: Each product undergoes rigorous quality control to meet our high standards.

WA - WL set of dedicated frameless wipers

Available lengths: 300 - 700 mm
Quantity in package: 2 pcs (set)
Construction: frameless + dedicated mount

Dedicated series offers a set of two frameless wipers with integrated spoilers. These wipers come pre-mounted with the exact adapter and length needed for your vehicle.

Unique features

Plug-and-Play convenience: This series is a dedicated solution that comes with pre-mounted adapters specific to your car model and year, making installation as simple as unpacking and attaching.

Two-in-one pack: Each package includes a set of two wipers, providing a complete solution for your windshield.

Ease of Installation: Designed for effortless and quick installation, ensuring a hassle-free assembly experience.

Standard features

Advanced rubber compound: Natural rubber infused with silicone and a layer of PTFE (Teflon) ensures efficient water removal, quiet operation, and extended durability.

Optimal glass conformity: Engineered to exert uniform pressure, these wipers adapt perfectly to the curvature of your windshield.

High-quality materials: Constructed from a premium polyethylene and polycarbonate alloy for the plastic elements, and galvanized steel for the metal components, offering long-lasting corrosion resistance.

Quality assurance: Each product undergoes rigorous quality control to meet our high standards.

WR rear window wipers

Available lengths: 175 - 575 mm

Quantity in package: 1 pc

Construction: steel frame / frameless

Rear window wipers. They have dedicated construction type and appropriate lengths for a specific model and car year.

Features

Model-specific design: These wipers are tailored with a dedicated construction type and appropriate lengths to fit specific car models and years.

Single-pack convenience: Each package contains one wiper, offering a focused solution for your rear window.

Advanced rubber compound: Infused with silicone and a layer of PTFE (Teflon), the natural rubber blade ensures efficient water removal, quiet operation, and long-lasting durability.

Optimal glass conformity: Wipers are designed to conform to the curvature of rear window and provide even pressure.

High-quality materials: Plastic elements made from a premium polyethylene and polycarbonate alloy, and metal components constructed from galvanized steel for long-lasting corrosion resistance.

Ease of installation: Designed for quick and straightforward assembly.

Quality assurance: Each product undergoes rigorous quality control to meet our high standards.

WRA rear window wipers with arm

Quantity in package: 1 pc

Construction: steel frame / frameless

Our specialized line of rear window wipers with arm. These wipers are designed with dedicated fasteners and specific lengths to fit particular car models and years. Available in both steel frame and frameless constructions.

Unique feature

Complete set with arm: The WRA Series offers a wiper and a separate plastic arm for a comprehensive rear window solution. It can be easily screwed into the original mounting point on the car.

Standard features

Advanced rubber compound: Natural rubber infused with silicone and a layer of PTFE (Teflon) ensures efficient water removal, quiet operation, and extended durability.

High-quality materials: Constructed from a premium polyethylene and polycarbonate alloy for the plastic elements, and galvanized steel for the metal components, offering long-lasting corrosion resistance.

Quality assurance: Each product undergoes rigorous quality control to meet our high standards.

Truck wipers

OXIMO[®]
SIMPLY WORKS

WUSAG SERIES

WUSAG816, WUSAG916D, WUSAG1016D

Available lengths: 800 - 1000 mm
Quantity per package: 1 pc
Construction: steel frame

Designed for the toughest conditions, the WUSAG range of truck wipers offer durability and reliability. Constructed with a classic steel frame, these wipers are intended for heavy-duty uses. They fit U-type arms that measure 16 mm in width. Specifically created for certain models of buses, light and heavy trucks.

UNIQUE FEATURES

16 mm U-type adapter: Engineered to fit U-type arms 16 mm wide, ensuring a secure and stable fit.

Heavy-Duty wiper: Built for enduring, intense use, these wipers provide reliable performance for commercial vehicles.

STANDARD FEATURES

High-efficiency blade: Natural rubber wiper blade infused with silicone and coated with a PTFE (Teflon) layer for effective water collection, quiet operation, and long-lasting durability.

Even pressure & fit: The wiper structure ensures even pressure and a perfect adjustment to the curvature of the glass.

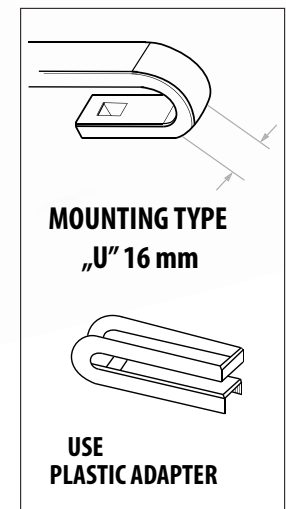

Quality materials: Plastic elements made from high-quality polyethylene and polycarbonate alloy.

Corrosion-resistant: Metal parts made from galvanized steel offer long-lasting protection against corrosion.

Ease of installation: Designed for quick and straightforward assembly.

All-weather performance: These wipers perform reliably in all weather conditions.

Quality assurance: Each product undergoes rigorous quality control to meet our high standards.

WUSAG800, WUSAG900, WUSAG 1000

Available lengths: 800 - 1000 mm
Quantity per package: 1 pc
Construction: steel frame

Designed for the toughest conditions, the WUSAG range of truck wipers offer durability and reliability. Constructed with a classic steel frame, these wipers are intended for heavy-duty uses. They fit U-type arms that measure 21 and 25 mm in width. Specifically created for certain models of buses, light and heavy trucks.

UNIQUE FEATURES

25 mm U-type adapter and mounting screw: Engineered to fit U-type arms 25 mm wide, ensuring a secure and stable fit.

Heavy-Duty wiper: Built for enduring, intense use, these wipers provide reliable performance for commercial vehicles.

STANDARD FEATURES

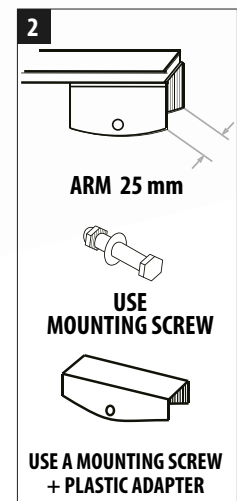

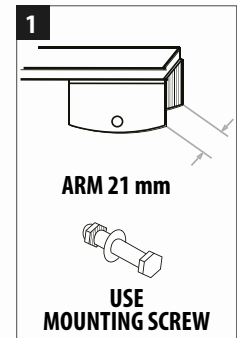

High-efficiency blade: Natural rubber wiper blade infused with silicone and coated with a PTFE (Teflon) layer for effective water collection, quiet operation, and long-lasting durability.

Even pressure & fit: The wiper structure ensures even pressure and a perfect adjustment to the curvature of the glass.

Durable materials: Incorporating high-quality polyethylene and polycarbonate plastic elements, along with galvanized steel metal parts, these wipers offer long-lasting corrosion resistance.

Effortless installation: Designed for quick and straightforward assembly.

All-weather performance: These wipers perform reliably in all weather conditions.

Truck wipers

WUSAG613, WUSAG663, WUSAG713 WUSAG763, WUSAG813

Available lengths: 600 - 800 mm
Quantity per package: 1 pc
Construction: steel frame

Designed for the toughest conditions, the WUSAG range of truck wipers offer durability and reliability. Constructed with a classic steel frame, these wipers are intended for heavy-duty uses. They fit U-type arms that measure 13.6 and 16.5 mm in width. Specifically created for certain models of buses, light and heavy trucks.

UNIQUE FEATURES

16.5 mm U-type adapter and mounting screw: Engineered to fit U-type arms 16.5 mm wide, ensuring a secure and stable fit.

Heavy-Duty wiper: Built for enduring, intense use and provide reliable performance for commercial vehicles.

STANDARD FEATURES

High-efficiency blade: Natural rubber wiper blade infused with silicone and coated with a PTFE (Teflon) layer for effective water collection, quiet operation, and long-lasting durability.

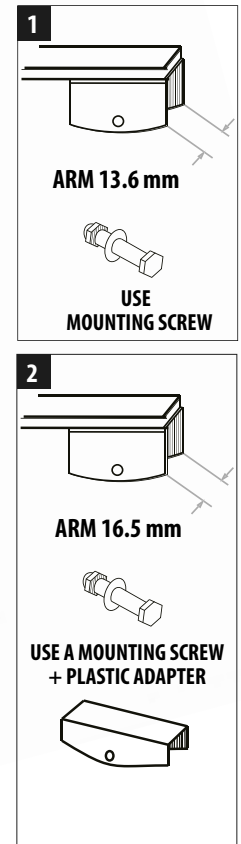

Even pressure & fit: Expertly designed to maintain constant pressure, adapting seamlessly to your windshield's contours.

Quality materials: Plastic elements made from high-quality polyethylene and polycarbonate alloy.

Corrosion-resistant: Metal parts made from galvanized steel offer long-lasting protection against corrosion.

Ease of installation: Designed for quick and straightforward assembly.

Adapted to all climates: Guaranteed performance under any weather conditions.

WUSAG550, WUSAG600 WUSAG650, WUSAG700

Available lengths: 550 - 1000 mm
Quantity per package: 1 pc
Construction: steel frame

Designed for the toughest conditions, the WUSAG range of truck wipers offer durability and reliability. Constructed with a classic steel frame, these wipers are intended for heavy-duty uses. They fit U-type arms that measure 9 or 12 mm or screw type mounting 16.5 mm in width. Specifically created for certain models of buses, light and heavy trucks.

UNIQUE FEATURES

16.5 mm U-type adapter and mounting screw: Engineered to fit U-type arms 16.5 mm wide, ensuring a secure and stable fit.

9 and 12 mm U-type adapters: Additional adapters are engineered to fit additional width U-type arms.

Heavy-Duty wiper: Built for enduring, intense use, these wipers provide reliable performance for commercial vehicles.

STANDARD FEATURES

High-efficiency blade: Natural rubber wiper blade infused with silicone and coated with a PTFE (Teflon) layer for effective water collection, quiet operation, and long-lasting durability.

Even pressure & fit: The wiper structure ensures even pressure and a perfect adjustment to the curvature of the glass.

Quality materials: Plastic elements made from high-quality polyethylene and polycarbonate alloy.

WUSAG801, WUSAG901, WUSAG1001

Available lengths: 800 - 1000 mm
 Quantity per package: 1 pc
 Construction: steel frame

Designed for the toughest conditions, the WUSAG range of truck wipers offer durability and reliability. Constructed with a classic steel frame, these wipers are intended for heavy-duty uses. They fit arms that measure 21 mm, 25 mm, 27 mm and screw Ø6 mm or Ø8 mm. Specifically created for certain models of buses, light and heavy trucks.

UNIQUE FEATURES

20 mm, 24 mm and 26 mm adapters included. Engineered to fit various types of arms, ensuring a secure and stable fit.

Screws Ø6 mm and Ø8 mm included: Even more wide range of possible fittings to light and heavy trucks

Heavy-Duty wiper: Built for enduring, intense use, these wipers provide reliable performance for commercial vehicles.

STANDARD FEATURES

High-efficiency blade: Natural rubber wiper blade infused with silicone and coated with a PTFE (Teflon) layer for effective water collection, quiet operation, and long-lasting durability.

Even pressure & fit: The wiper structure ensures even pressure and a perfect adjustment to the curvature of the glass.

Quality materials: Plastic elements made from high-quality polyethylene and polycarbonate alloy.

NEW ON THE MARKET
WIPERS FOR CLASSIC CARS

OXIMO[®]
Classic

Exceptional OXIMO[®] classic wipers design will blend in perfectly with the style of the car, while providing visibility and comfort, especially if the owner uses his classic every day. It is the attention to detail that makes the vehicle attract attention, especially in the external elements, such as windshield wipers.

OXIMO CLASSIC WIPERS - THE WHOLE RANGE

Construction: Frame wipers

Metal parts: Crafted from stainless, polished steel

Available lengths: 150 - 800 mm

Quantity per package: 1 pc

OXIMO CLASSIC WIPERS - THE WHOLE RANGE

Key features

Vintage style: Designed specifically for retro and vintage cars, these wipers blend seamlessly with classic automotive aesthetics.

High-Quality blade: The wiper blade is made from natural rubber, enhanced with silicone and a layer of PTFE (Teflon), ensuring efficient water removal and long-lasting, quiet operation.

Stainless-steel arm: The wiper arm is made from polished stainless steel, offering both durability and a classic aesthetic.

Handcrafted excellence: Each wiper is handmade, ensuring meticulous attention to detail and superior quality.

Chrome finish: The polished steel is finished with chrome, adding a touch of elegance and vintage charm.

Ultra-quiet operation: Engineered for minimal noise, providing a serene driving experience.

Exceptional durability: Built to last, these wipers offer enduring performance and reliability.
